

# Bonnells & Bunnells in England Before 1850

With Locations, Sources and Notes

By Charles E. Bunnell

2023

The goal of this project was to identify all the Bonnells and Bunnels and variations in England before about 1850. Sixty-five (65) different sources were examined, including register transcripts, wills, archival records, books and articles and online databases.

More than 700 individuals were identified and each was assigned a unique number. The entry for each states the type of event recorded, the date and the source of the information.

All entries in the county sections are repeated/duplicated in the Total List.

<b>SOURCES AND NOTES:</b>	
	6. The IGI listing provided no source information. The death date/location for William likely came from <i>The Original Lists of Persons of Quality</i> , 1600 - 1700. On page 428 is recorded the burial of a William Bunnell on August 5th, 1678 (not 1671 as stated in the IGI) in the Parish of St. Michaels. The last mention of our William is in the New Haven Court Records where, on May 1st, 1654 he asked the court to pay for his return to England. They agreed to do so and planned to put him on a ship bound for Newfoundland. So there is nothing to indicate that the William buried in Barbados is our William.
